

Four Mile Preschool Statement of Beliefs

We believe that our primary function is to share God's love with children through a loving, accepting environment and by modeling Christ in all relationships.

We value each child as a gift of God with a unique personality, temperament and style; and believe in responding to these individual differences through appropriate expectations, words and actions.

We believe that one of the most important and lasting gifts that we can give a child is a positive self-concept.

We believe that children should be allowed to freely express their God-given creativity through their own expression in art, music, movement and drama.

We believe that discipline is not synonymous with punishment. Rather discipline is a training process that involves choices, time, patience, and consistent guidance and learning.

The Four Mile Preschool calendar follows Beaver/Western Beaver school calendars for most vacations and holidays. Preschool begins after Labor Day and ends the third week in May.
